

## **Foundational Education Module 3 (FEM3): Sensor and Data Acquisition Technology**

### **Discussion Question Response Form for FEM3**

Your assignment....

(1) Answer the following question. Save a copy of your response for discussion in a subsequent class period.

**Thinking about what you have learned in your Mechanics courses (Statics, Dynamics and Mechanics of Materials), Mechanics of Materials Laboratory, and your current Structural Analysis course, list the parameters you would recommend be monitored and why for the SHM of a concrete girder bridge.**

**(2) List any questions you have concerning the content of FEM3. Your and other student's questions will be answered in a subsequent class period.**
